PROFESSIONAL SUMMARY

Flutter Developer with 3+ years of experience building production-ready mobile apps across e-commerce, social, education, fitness, and other domains, using Firebase, REST APIs, and AI integrations. Strong track record of building modular, maintainable codebases, mentoring junior developers, and collaborating closely with UI/UX and backend teams to deliver high-quality products.

WORK EXPERIENCE

Flutter Developer — Nexar Solutions Pvt Ltd

Jun 2024 – Present

- Building Flutter applications, integrating advanced AI capabilities, RESTful services, and real-time interactive tools.
- Building modular and scalable codebases with advanced state management and third-party API integrations.
- Collaborated with UI/UX designers to deliver high-fidelity and user-centered experiences.
- Integrated third-party payment gateways to facilitate secure transactions and subscription handling.
- Implemented push notifications using Firebase Cloud Messaging (FCM) for real-time user engagement.
- Built a Flutter Web admin panel (separate project) integrated with the same Firebase backend for centralized app data management.
- Utilized AI-assisted development tools, including Antigravity, to speed up the development process and streamline day-to-day coding tasks.

Flutter Developer — Alestra Solutions Pvt Ltd

Mar 2023 – May 2024

- Delivered multiple mobile applications with Firebase integration and real-time features.
- Built and maintained reusable component libraries to speed up future development.
- Contributed to internal tools and client prototypes, gaining hands-on experience with the full app lifecycle and clean-code practices.
- Implemented robust offline caching and data synchronization strategies to ensure seamless performance under unreliable network conditions.
- Built a Flutter Web admin panel (separate project) connected to the shared Firebase backend for centralized data management.

Flutter Intern — Softenvision Technologies Pvt Ltd

Sep 2022 – Jan 2023

- Contributed to internal projects and prototypes during internship, gaining experience in app lifecycle and clean coding practices.
- Implemented UI components and assisted in backend testing using Postman and Firebase.

SKILLS

Languages & Frameworks: Dart, Flutter, Flutter Web, Firebase, REST APIs

Core Technical Skills: AI Integrations, Payment Gateway Integration, Push Notifications (FCM), Offline Caching, Localization (Multi-language Support)

Tools & Practices: GitHub, Postman, Clean Architecture, Project Management

LANGUAGES

English (Fluent), Urdu (Native)

EDUCATION

BS Computer Science

2019 – 2023

Federal Urdu University of Arts, Science and Technology, Islamabad
